Support chargeur de téléphone sans fil, 10 W

ACT-WPC10-02

- Qi (say Tschì) is the Chinese word for life energy. The Qi induction charging technology enables wireless charging of smartphones and tablets. Because you only have to place your mobile phone on a pad for charging with Qi, it prevents the phone's charging port from wear and tear. Because Qi is a standardized system, the charging pad and the mobile phone do not have to be from the same manufacturer. This way any Qi charger will be compatible with a variety of different mobile phones. And all of that without a messy cable spaghetti.
- Please check the user manual of your smartphone to find out if it is Qi-compliant.

Propriétés

- Support chargeur de téléphone sans fil Qi (10W)
- Prend en charge la charge sans fil rapide
- Compatible avec tous les appareils certifiés Qi, y compris plusieurs modèles de Samsung Galaxy S, les derniers modèles d'iPhone et plusieurs autres modèles de téléphones de différentes marques. Pour une liste complète, vérifiez en ligne
- Nécessite un adaptateur de chargeur USB (rapide) compatible (non inclus)
